Technical Report Writing

Blankenship, Alan. *The Appraisal Writing Handbook*. Chicago, IL: Appraisal Institute, 1998.

Markel, Michael H., and Stuart A. Selber. *Technical Communication*. Boston: Bedford/St. Martin's, 2018.

English Style and Usage

The Chicago Manual of Style, 17th ed. Chicago: University of Chicago Press, 2017. The Chicago Manual of Style has long been the standard reference text for writers in many fields. Its precise rules leave little room for doubt about style matters.

Hodges, John C., Cheryl Glenn, and Loretta S. Gray. *Hodges Harbrace Handbook*. Boston: Cengage Learning, 2017. The staying power of the Hodges *Harbrace Handbook* can be attributed to its straightforward instruction in grammar, mechanics, and punctuation. It provides a wide variety of excellent examples and leads the reader through the information in a logical and concise manner.

Strunk, William Jr., and E. B. White. *Elements of Style*, 4th ed. New York: Pearson, 2019. This is one of the standards in the composition field, and for a very good reason: in fewer than 100 pages, Strunk and White effectively communicate the most important aspects of good writing.
